Complete Collection for 2026

Time and time again it's been said that needlecrafts are a relaxing and therapeutic pastime. In today's world, doing something creative is a welcoming break from technology.

At Dimensions we offer designs for all those mindful enthusiasts (and beginners, too!) looking to enjoy the rewards of needlecrafting. Our complete collection for 2026 includes all that we have to offer. There's something for everyone—we've even included all of our holiday needlecraft kits and paint by number designs.

We have kits of all different skill levels that appeal to anyone wanting to create something beautiful with their own hands.

LARGE Cross Stitch

Cross stitch is a perennial favorite of needlecrafters who enjoy seeing a design come to life on blank fabric. Our talented artists translate original artwork into counted charts, selecting each thread color and interpreting the shading and details that make each design look so realistic.

PUNCH Needle

Punch needle designs are quick and easy to complete. They provide a nice alternative to more traditional needlecrafts. The textural designs are stitched on a printed fabric in either thread or yarn.

LATCH Hook

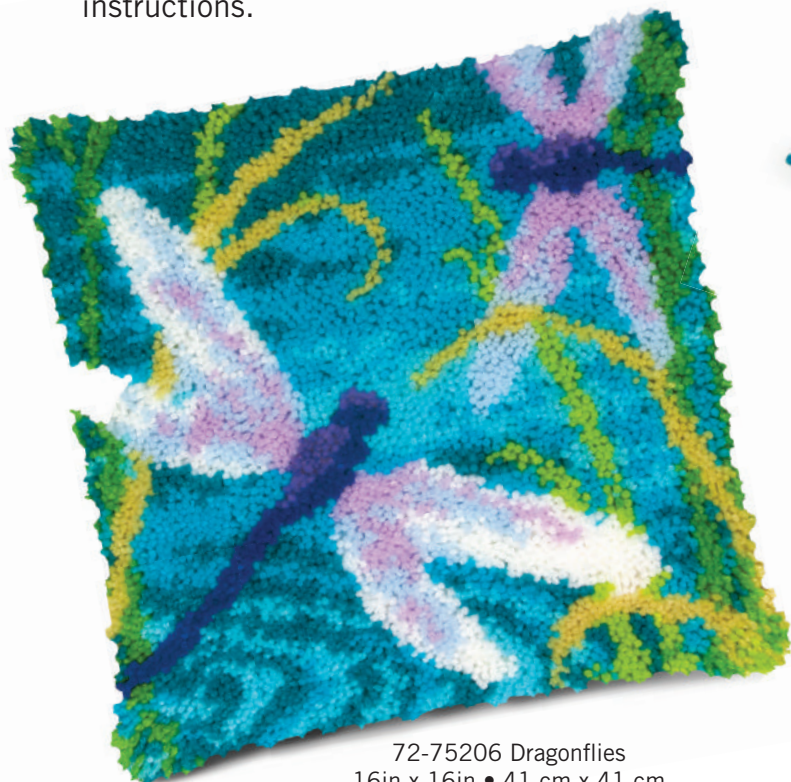

For many of us, it is a craft remembered from childhood. Latch hook is a hobby that's simple-to-do, relaxing, and can be enjoyed by multiple generations. The designs are hooked in bright, vibrant colored yarns on a sturdy printed color canvas.

latch hook

Latch hook is easy. With the full-color printed canvas, just fill in the areas of color. No counting necessary!

Each kit includes a fully printed color canvas, an assortment of pre-cut yarn colors, and easy instructions.

PAINT by number

Paintworks kits will fire the creative spark in anyone, from the novice looking for a fun starter design to the experienced painter seeking a rewarding challenge. Each kit contains easy-to-use acrylic paints, a canvas-textured board printed with the design, a fine tip brush and instructions with a chart, plus tips and techniques to create your own masterpiece.

PencilWorks™ kits include colored pencils, textured paper printed with the design, and a sharpener. The consumer can follow the numbered chart or have fun doing their own thing.
